

We are committed to an operating philosophy based on openness in communication, integrity in serving our customers, fairness and concern for our employees and responsibility to the communities within which we operate.

Our vision is to exceed customer expectations for Safety, Health, and Security.

We are dedicated to creating a profitable business culture that is based on the following principles:

Safety

We are committed to the safety of all employees, contractors, clients, visitors, and the public.

We are focused on embedding and sustaining safety within our culture with Senior Management leading by example.

We believe all incidents and accidents are preventable by making safety a priority above all other considerations.

Health

We aim to create a healthy work environment, both mentally and physically, with a good balance to all individual needs of our employees, contractors, clients, visitors, and the public.

Security

We will protect our employees and assets by being prepared for any foreseeable emergency situations and minimise any threat to our employees and assets.

Continuously improve our OSH performance and systems with the aim to perform to a standard that we can be proud of.
