

We are committed to an operating philosophy based on openness in communication, integrity in serving our customers, fairness and concern for our employees and responsibility to the communities within which we operate.

Our vision is to exceed customer expectations for quality, sustainability, cost, delivery and value.

We are dedicated to creating a profitable business culture that is based on the following principles:

Our People

We are committed to equality in employment opportunity and rewards, embracing wholeheartedly the cultural diversity within the communities we call home.

Our employees' welfare and interests are foremost throughout all aspects of our business and how we conduct our affairs.

We are committed to:

- Creating and nurturing an environment of success based on honesty and integrity
- Equitable sharing in the success of the company
- Empowerment through training and communication
- Individual growth and equal opportunity
- Designing and providing a safe and secure work environment

Our Customers

Customer needs are paramount and represent the penultimate priority within our business – safety being our highest priority.

Our obligation is to proactively seek out and define customer needs while addressing all requests expeditiously without creating false expectations.

Our Community

We are committed to supporting the communities within which we operate.

We believe in the practice of social responsibility and encourage similar behaviour in our employees and suppliers.

Our Quality

Beginning with a clear definition of customers' expectations, we strive to consistently meet or exceed them.

We are constantly focused on excellence and adhere to all applicable standards and customer specific requirements.

Continuously improve our Quality performance and systems with the aim to perform to a standard that we can be proud of.
